

## Commandment Web Page

God gave us the Ten Commandments. When we follow the first three Commandments, we honor and respect God. When we follow the last seven Commandments, we honor and respect ourselves and others.

Pretend that you are a webmaster of your parish Web site. Today you are showing how we can follow one of the Commandments.

1. Choose one of the Ten Commandments.
2. On the Web page, write the words of the Commandment.
3. Draw and color someone following the Commandment you have chosen.
4. Share your Web page with your family. Talk about why God gave us the Ten Commandments.
